

31 July 2020

A statement from Cedar Meats

Cedar Meats received a phone call today from the public health team at the Department of Health and Human Services (DHHS) to alert us that one of our staff had tested positive for COVID-19.

The staff member had last worked on site on Wednesday 22 July, 2020. We have followed DHHS' advice and had all close contacts of that staff member tested on site today at our premises in Brooklyn.

We have asked all of our staff to isolate until further notice, as per government guidelines. Our main priority is our staff's health and wellbeing.

We will continue to follow the advice of DHHS as we await the results of the testing undertaken today.

The Management of Cedar Meats is thankful for the support and advice of the public health team at DHHS.

Please Stay Safe.
