

3 August 2020

A statement from Cedar Meats

Cedar Meats will re-commence operating tomorrow, Tuesday 4 August, 2020 after being provided with the all clear from the public health team at the Department of Health and Human Services (DHHS).

All staff at Cedar Meats were tested from COVID-19 between 31 July and 2 August, 2020. The results show there is no transmission of COVID at Cedar Meats.

Cedar Meats' Management welcome the announcement by the Government today relating to extra safety measures for abattoirs –specifically the medical level PPE, staggering shifts and breaks, temperature checks on entry etc.

Cedar Meats already has these measures in place and believes these latest test results show that these measures work.

Cedar Meats will continue to follow the advice of the DHHS and thanks the public health team for its support and advice.

Please Stay Safe.
